- Send your paper to only one division. - Include the name, affiliation, email address, mailing address, and phone number of each author with your submission, preferably on a separate cover page. Please do not refer to the author(s) in the manuscript.
- Contact the appropriate professional division program chair to determine acceptable guidelines by the division for paper presentations and refereed papers.
- Acceptance notifications will come from the division.
- Papers must not be under consideration by other conferences or journals. They must not have been presented elsewhere before the 2023 MBAA International meeting.
- Author(s) must register for the conference and at least one author must make a presentation. Everyone who presents must register.
